Verse 1:

There is no church You cannot fill

There is no storm You cannot still

There is no calm You can't disturb

Oh, Holy Mystery we call on Thee

Chorus:

Come like the wind the mighty rushing wind

Fall like the rain a pure and cleansing rain

Like Your Word proclaims we will always sing

O Holy Mystery, please do the same

Verse 2:

There is no world You can't contain

There is no place You can't remain

There is no fire You can't ignite

Oh Holy Mystery we call on Thee

Bridge:

You are welcome in this place

Spirit please invade our space

We are certain this is what we need

From the mountains in the sky

To the valleys hear our cry

We are desperate, this is what we need (X2)
